ADOPT RANSOM AS NATION'S INDUSTRY

ACCUSED UNDER LEVER ACT 125 Miners and Operators Are Indicted by Federal Grand Jury

Indianapolis, Ind., Mar. 12.—One hundred and twenty-five coal operators and miners have been indicted on charges of conspiracy by the special federal grand jury in session since December 17 investigating the coal industry.

Of the number of persons indicted more than half are operators.

The report of the jury was made late Thursday afternoon to Judge A. B. Anderson in the United States district court. Bond was fixed by Judge Anderson at \$10,000 in some cases and \$5,000 in others. The defendants will be arraigned on May 4.

URGES A PROPER RESPECT FOR LAW

E. C. Toner, Seeking Nomination For Governor, Also Discusses Pay of Teachers.

SPEAKS AT THE COURT HOUSE

Pledges Himself if Elected to Use His Influence to Have Blue Sky Law Passed.

Advocating a proper respect for the law as the best means of offsetting Bolshevism and urging more interest on the part of the people in the public schools, so that sentiment will be aroused which will result in teaching being paid a living and saving wage, Edward C. Toner, of Anderson, candidate for the republican nomination for governor, spoke to a crowd of men and women in the court house assembly room last night.

Mr. Toner spent the day here campaigning, visiting a number of small towns in the county. He and Mrs. Toner left this morning in their machine for Shelbyville.

Mr. Toner spoke at length last night regarding the need of a Blue Sky law in Indiana and pledged himself to use his influence to have one passed if elected governor. Mr. Toner discussed the tax law informally with a number of taxpayers following the address.

Mr. Toner spoke in part as follows:

"One of the outstanding issues before the people of this state is the widespread disregard of law and order which in places has brought about not only the destruction of property and life, but also a practical suspension of American institutions. I want to make my position clear upon this issue. I believe that no Government has a right to exist if it cannot keep order and suppress violence and I believe that a State executive ought to use, if necessary the full power of the State to preserve the sanctity of our laws and institutions. But my friends, I would go further still than that. I would insist upon the suppression of all wrong doing, not merely some wrong doing.

The trouble is that the wrong doing has not been stopped on both sides. There is a type of citizen who believe that the law should never be enforced against a man if he happens to belong to labor. He believes that labor can do no wrong. And there is a type of citizen who believes that the law should never be enforced against the law breakers who happens to belong to capital. He believes that capital can do no wrong. I am against them both because they are equally dangerous to the American welfare. I am in sympathy with the spirit that would deport the Bolshevik enemy of our government, but I would also commend the spirit that would send the profiteer away in the same boat because they are both of them, whether they know it or not, doing their best to undermine American institutions.

The compromise reads: "The United States assumes no obligations to preserve the territorial integrity or political independence of any other nation by the employment of its military or naval forces, its resources or any form of economic discrimination or to interfere in any way in controversy between nations whether members of the league or not under the provision of Article 10, or to employ its military or naval forces under any article of the treaty for any purpose, unless in any particular case congress, which under the constitution has the sole power to declare war or to authorize the use of military and naval forces, shall in the exercise of full liberty of action by act or joint resolution so provide."

SPEAKS IN INDIANAPOLIS Declares For Peace Treaty With Reservations Which Will Americanize It

(By United Press.)

Indianapolis, Ind., Mar. 12.—"Loss of life on the Mexican border may mean something in the way of an expeditionary force unless we adopt ransom as a national industry," declared Major General Leonard Wood, candidate for the republican presidential nomination, in an address at luncheon given in his honor at the Columbia club here today.

He stated he is seeking the nomination on the following platform: Greater development of foreign trade and encouragement of legitimate domestic problems.

Spreading the war debt over a longer period.

A strong foreign policy.

Immediate ratification of the treaty with reservations.

Strict control of immigration with facilities for Americanization of aliens.

Preparedness, including strong navy.

A constructive legislation policy. Higher pay for teachers and improved school system.

He also advocated a standing army of from 200,000 to 225,000, a protective tariff and the right of cabinet officers to go on the floor of congress and defend their policies.

Maj. Gen. Wood paid tribute to voted Hoosiers with whom he had had personal contact, including Maj. Gen. Lawson, the distinguished soldier; Albert J. Beveridge, former senator; Benjamin Harrison, former president, and Will H. Hays, national chairman.

He referred to Hays as the man who "is doing so much to push Indiana forward in the field of nationalities, a man who is deeming his energies to the best interests of the republican party, a party whose success he believes is essential to the very best interests of the nation."

Approval of the treaty with reservations to Americanize it, bethongs advocated by Maj. Gen. Wood.

"Hold on to the constitution," the general advised, "for present conditions the world over are very uneasy. There's a curious feeling of unrest throughout the world. We

LODGE PRESENTS A NEW RESERVATION

Compromise is Modification of Watson-Simmons Proposal on Article 10 of Covenant

TERMS OF THE RESERVATION

(By United Press.)

Washington, Mar. 12.—Senator Lodge today presented in the senate a compromise reservation to Article 10 of the league of nations covenant. The compromise is a modification of the Watson-Simmons proposal which itself was a modification of the original Lodge reservation.

The compromise reads: "The United States assumes no obligations to preserve the territorial integrity or political independence of any other nation by the employment of its military or naval forces, its resources or any form of economic discrimination or to interfere in any way in controversy between nations whether members of the league or not under the provision of Article 10, or to employ its military or naval forces under any article of the treaty for any purpose, unless in any particular case congress, which under the constitution has the sole power to declare war or to authorize the use of military and naval forces, shall in the exercise of full liberty of action by act or joint resolution so provide."

SOUTHWESTERN PART OF STATE ISOLATED

Loss of Life and Damage to Property Unknown Following Tornado in Missouri

ALL COMMUNICATION CUT OFF

(By United Press.)

Kansas City, Mo., Mar. 12.—Southwestern Missouri, raked by a tornado, was isolated today.

Death and destruction in the storm trail remained a secret to the outside world. Seven were known to have been killed or crushed by falling timbers or drowned in rising creeks.

Officials vainly tried to establish connection with residents of the storm area and said that apparently authentic rumors showed that more than seven had died.

Brief reports just before all wires failed, said that heavy rains followed the tornado which reached across several counties. At Melva, Missouri, reports said that three children playing in the dry bed of a creek were drowned when the channel was suddenly filled. The number of injured and property damage is unknown.

MILROY REMAINS ACCUSED UNDER LEVER ACT

Defeats Ridgeville This Morning, Earning Right to Play Hartford City Tonight

GAME SCHEDULED FOR 8:30

If Champions of Local District Can Win Second Game, They Will go in Semi-Finals

(By United Press.)

Bloomington, Ind., Mar. 12.—Technical high school of Indianapolis defeated Kendallville in the one o'clock game at the state basketball tournament, 30 to 17.

The Milroy high school, representing this district at the state basketball tournament at Bloomington, this morning at eleven o'clock won their first game, when they defeated Ridgeville 36 to 13. Ridgeville represented the Muncie district.

The Milroy team displayed fast basketball in this game, especially in the last half, when they allowed Ridgeville to make only one field goal. This puts Milroy in line for the \$30 game tonight, meeting as their opponents then the Hartford City team.

In case Milroy wins this game, they will then be in the semi-finals, playing at two o'clock tomorrow afternoon. Milroy fully expected to win from Ridgeville, and has great hopes of beating the Hartford City team tonight.

It was the big point getter this morning, making a total of eight field goals. The entire team played good ball and astonished the "sloperists," who had not figured the Rush county team as being quite so strong.

The first half was slow in many places, but Milroy was ahead 14 to 10. In the last half the excitement of such a large crowd and the newness of the floor, wore off, and Milroy played a fast game, completely walking away from Ridgeville.

In the first morning game, Emerson high of South Bend defeated Veedersburg 35 to 13; in the second game Hartford City barely nosed out Washington by the score of 33 to 29.

If Milroy wins tonight, a big delegation from that place will leave in the morning for Bloomington, to

WILL GO ON RECORD REGARDING BONUS LAW

This Will be One of Questions Brought Before American Legion Meeting Sunday

NEW OFFICERS TO BE NAMED

In addition to electing officers and forming a permanent organization, Rush post No. 150 of the American Legion will take action on the various bonus bills which have been presented to the national congress for passage, at the meeting which will be held in the court house assembly room at 2:30 o'clock Sunday afternoon.

The principal reason for calling the meeting was to elect permanent officers as the men now in office were chosen with the understanding that they should remain in charge of the affairs of the post until it was on a substantial basis. A membership campaign will also be mapped out Sunday.

It is expected that the post will go on record regarding the bonus question and that a committee will be appointed to co-operate with a committee from the Rotary club and any others which may be appointed by other organizations, to make plans for a campaign for a community house here.

Law should not be enforced against laborers and against capitalists. It should be enforced against law-breakers regardless of whether they belong to labor or capital.

The greatest single need of our state and nation is a devout spirit

MILROY REMAINS NOT ONLY RESIST BUT FIGHT TRUTH

Many People Deny Fact of Conviction of Sin And Quench Holy Spirit, Evangelist Says

MANY WAYS TO QUENCH IT.

Indulging in Uncharitable Judgment, Violent Tempers and Intemperate Excitement

(At the St. Paul's Methodist Church the Rev. G. S. Henninger continued his discourse on the quenching of the Spirit last evening. The bad night kept some away but many faced the storm to hear the sermon.

"Continuous resisting of the truth will just as certainly lead to the quenching of the Spirit as lying or stealing," said the Rev. Mr. Henninger. "There are enough real Christian truths preached to save the soul. There are truths accepted by practically every denomination, and yet there are men who would deny the fact of the conviction of sin by the Holy Spirit, the old fashioned doctrine of repentance from sin, that most wholesome doctrine of the new birth, and that most beautiful experience of entire sanctification.

"There are people who not only resist the truth but who fight it as well. Take for instance the doctrine of entire sanctification; again and again you can hear it said, 'I do not know that that doctrine teaches any such thing. One can always have the ability to sin, but there comes a time when the desire to sin is completely taken away. Just keep on fighting all these experiences and resisting the truth and if you have ever had any religious experience at all, never fear, your experience will not last very long.'

"Again, one can indulge in uncharitable judgment so much that the spiritual life will soon be entirely quenched. How many people do you find who always attempt to put a good construction upon the actions of a fellow man. But rather we find that uncharitable judgments about our fellowman seem to be the order of the day.

"Again, the Spirit is quenched easily by violent tempers. I know nothing that will kill the religious life within a man quicker than a violent and bad temper. Many a man

ARRANGEMENTS MADE FOR FREE DINNERS

Will be Served Farmers Day March 18, in Lodge Rooms and Churches of the City

COMMITTEE CHAIRMEN MEET

Committee chairmen appointed to make arrangements for Farmers Day here March 18, reported at a meeting last night that very satisfactory progress was being made in preparing for the day and that everything pointed to the most successful event in the history of Rushville.

Free dinners will be served in lodge rooms and churches of the city. Tickets will be issued at the court house the morning of the eighteenth and each one will designate where the person holding the ticket is to eat. All of the women will be served in the basement of the Main Street Christian church so that it will be convenient for them to go to the afternoon program to be given for them in the auditorium of the Graham Annex. The

program will be announced later, as soon as it is definitely arranged.

The corn show which will be judged by Peter J. Lux, national corn champion, will occupy the attention of the men in the morning, and in the afternoon meetings will be held in the court room and assembly room of the court house. G. L. Christie of Purdue, John G. Brown, head of the Indiana Farmers' associations, and C. E. Watkins, district governor of Rotary clubs, will speak.

WAS VICTIM OF PROPAGANDA

Navy Department Was Misled by Germans During War, Sims Says

(By United Press.)

Washington, Mar. 12.—Charges that the navy department was a victim of German propaganda, were made by Admiral William Sims before the senate naval sub-committee today.

This propaganda misled the department into a misconception of the problem of defending the American coast during the war and prevented full co-operation with the allies, Sims told the committee, which is investigating the navy department in the war.

Citing his official cable, Sims asserted that of the four German submarines which actually reached the American water, he advised the navy department three to four weeks in advance.

TEACHERS' WEEK IS APPRECIATED

Visiting Days Decided Success, 214 Patrons Calling at Schools Wednesday and Thursday

HEARTY GOOD WILL IS SHOWN

Will do Much to Make School and Home Unit in Education, School Officials Say

Two hundred and fourteen people visited the Rushville schools Wednesday and Thursday, which were set aside as visiting days during Teachers' Week. The attendance was regarded as exceptionally good and showed that patrons of the school were interested enough to attend and see what their children were accomplishing.

The visitors were reported as follows: senior high school 2, junior high school 12, Washington school 10, Havens school 35, Jackson school 65, Graham Annex 90.

School officials said today the patrons were very much interested in the work they observed and expressed very freely their appreciation of the efforts of the teachers. Their hearty good will, it was stated, is very much appreciated by the teachers and will do much to make the home and school a unit in the education of the children.

"We ask the patrons to come often and be regular visitors," said an announcement by Supt. J. H. Scholl today.

**DON'T SUFFER . . .
WITH NEURALGIA**

Use Soothing Musterole

When those sharp pains go shooting through your head, when your skull seems as if it would split, just rub a little Musterole on your temples and neck. It draws out the inflammation, soothes away the pain, usually giving quick relief. Musterole is a clean, white ointment, made with oil of mustard. Better than a mustard plaster and does not blister. Many doctors and nurses frankly recommend Musterole for sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosty feet—colds of the chest (it often prevents pneumonia). It is always dependable.

**The Farmers of Rush County are Cordially
Invited to Attend Rushville's**

COUNTY DINNER PARTY AND CORN SHOW

Given by the Rush County Farmers Association and the business men and citizens of Rushville, Thurs., March 18

CORN SHOW IN THE MORNING

In the Corridors of the Court House.

\$120.00 in Cash Prizes

\$25.00 for Best 10 White Ears.

\$15.00 for Second Best 10 White Ears

\$10.00 for Third Best 10 White Ears.

\$10.00 for Champion 1 Ear White Corn.

\$25.00 for Best 10 Yellow Ears.

\$15.00 for Second Best 10 Yellow Ears.

\$10.00 for Third Best 10 Yellow Ears.

\$10.00 for Champion 1 Ear Yellow Corn.

This show is open only to Rush County Farmers. The young men of the County are especially urged to compete for these prizes. All entrants are requested to bring their corn to the County Agent's room in the Court House Wednesday afternoon, if possible as entries will close promptly at nine o'clock Thursday morning, as judging will have to commence at that time.

Peter G. Lux and Ed. N. Lux, of Shelbyville, will be corn judges

Peter J. Lux is the National Corn King and Ed. N. Lux is the State Corn King. These gentlemen will judge the corn and award the prizes. It will be worth your while to hear what they have to say in judging your corn.

**The Best 20 Ears in the United States will be shown by Peter J. Lux
ED. N. LUX, INDIANA STATE CHAMPION WILL HAVE HIS CHAMPION EAR**

1000 Free Dinners at Noon

TO BE SERVED PROMPTLY AT 12 O'CLOCK.

Arrangements have been completed to serve 1000 Dinners—The Pythian Sisters will serve in the K. of P. Building; The Methodist Ladies will serve in the Behr Room in Second street, formerly occupied by Caron's Candy Kitchen; The Christian Ladies will serve in the basement of the Christian Church. The ladies attending this party will be served at the Christian Church as their afternoon entertainment is to be at the Graham Annex, and this arrangement will save them quite a few steps. You are requested to call at the County Agent's Room in the Court House as early as possible on Thursday morning and get your dinner ticket, which will tell you where you are to eat.

A REGULAR DINNER COOKED BY RUSHVILLE'S BEST COOKS.

No need to tell you what you will get as the Ladies of Rushville have the reputation of serving only the best meals and plenty of it.

Big Meetings in Afternoon for Men and Women

5 NATIONALLY FAMED SPEAKERS

Peter J. Lux, National Corn King, and Ed. N. Lux, State Corn King, of Shelbyville, will judge the corn in the morning and give short talks to the farmers on seed corn and judging. You can not afford to miss what these gentlemen have to say about raising real corn and lots of it. Immediately after dinner there will be talks by George I. Christie, head of the agricultural extension department of Purdue University; Charles E. Watkins of Muncie, district governor of Rotary Clubs; John G. Brown, president of the Indiana Federation of Farmers Associations. These talks will be held in the Assembly Room and Court Room in the Court House and so arranged that you will hear all of them in either room and be able to get away early if you have to go home to feed.

SPECIAL ENTERTAINMENT FOR WOMEN AT GRAHAM ANNEX

The ladies' entertainment committee announces that they are arranging a very pleasant entertainment at the Graham Annex immediately after dinner for the ladies attending the dinner party at the Main Street Christian Church basement and you will miss a treat if you do not attend.

THE PROPER WAY TO TAKE ASPIRIN

First see that tablets you take are marked with the "Bayer Cross."

The Bayer Company, who introduced Aspirin tell in their careful directions in each package of genuine "Bayer Tablets of Aspirin" that to get best results one or two glasses of water should be drunk after taking tablets.

"Bayer Tablets of Aspirin" to be genuine must be marked with the safety "Bayer Cross." Then you are getting the world-famous Aspirin, prescribed by physicians for over eighteen years.

Each unbroken "Bayer" package contains proper directions for Colds, Headache, Toothache, Earache, Neuralgia, Lumbar, Rheumatism, Neuritis, and for Pain generally.

Handy tin boxes of twelve tablets cost but a few cents. Druggists also sell larger "Bayer" packages. Aspirin is the trade mark of Bayer Manufacture of Monoacetic acid ester of Salicylic acid.

Mrs. Fred Johnson was among the passengers this morning to Indianapolis.

Will Fraze was among the business passengers this morning to Indianapolis.

Russell Gray left this morning to attend the state basketball tournament at Bloomington.

Mrs. Dick Wilson of Laurel was the guest of her sister, Mrs. Frank Capp in this city today.

James Miller of Ft. Wayne was here today attending the funeral services of his father, John H. Miller.

Mr. and Mrs. Mull Wallace and Mrs. Lote Carter were among the passengers this morning to Indianapolis.

Jerome Caron left this morning to spend today and tomorrow in Bloomington, attending the state basketball tournament.

Mr. and Mrs. A. L. Riggs were among the passengers this morning to Indianapolis where they attended the "Wood For President" meeting.

Mr. and Mrs. C. W. Scott and son Charles Alger, of Indianapolis, will spend the weekend in this city as the guests of Mrs. Martha Ryburn and C. H. Alger.

Primary May 4, 1920

"The Folks are For Fesler"

Turn the "kill-jays" out—the headache, biliousness, indigestion, the sick, sour stomach and misery-making gases—turn them out tonight and keep them out with Cascarets.

Millions of men and women take a Cascaret now and then and never know the misery caused by a lazy liver, clogged bowels, or an upset stomach.

Don't put in another day of distress.

Let Cascarets cleanse your stomach; remove the sour, fermenting food; take the excess bile from your liver and carry out all the constipated waste matter and poison in the bowels. Then you will feel great.

A Cascaret tonight straightens you out by morning. They work while you sleep.

HARGROVE & MULLIN

Druggists

Come to Our County Dinner Party and Corn Show—March 18th.

ed persons in their places, and, in many instances, is actually closing the public school rooms.

We have been hearing a great deal about the distinction which has come to our State because of the fine quality of cattle and hogs that are bred in this State. We are now third in our hog breeding, and, that is a splendid thing and must go forward to greater successes; but while we have achieved third place in hog breeding, we have fallen to the position where we are fifteenth in our public school system among the states of the union. This condition, if permitted to continue and grow worse, will do more to serve the cause of Bolshevism than any force of propaganda that comes out of Russia."

URGES A PROPER RESPECT FOR LAW

Continued from Page One

of Americanism, the Americanism that understands the meaning of our free institutions, the Americanism that emphasizes not only men's right under these institutions but men's obligations to them as well. There are two institutions in this country that can do most to create and preserve this American Spirit, and any measure or policy of Government may be approved as good or condemned as bad according as it strengthens or weakens these two institutions.

These are the public school and home. All other influences combined do not have the importance in the existing situation that belongs to the public school and the American home. All the agencies combined that are now fighting against the un-American forces of Bolshevism in this country will not be as powerful as the efficient Public School and the wholesome American home.

Yet despite the fact of the importance of our free system of public education, our public school system in Indiana is rapidly becoming demoralized and unless speedy action is taken by the state will meet disaster. Our failure to provide our public school teachers with a living and saving wage is driving increasing numbers of our best trained teachers from the school, putting public spirited, but untrain-

BAD BREATH Caused by Acid-Stomach

How can anyone with a sour, gassy stomach, who is constantly belching, have heartburn and suffer from indigestion have anything but a bad breath? All of these stomach disorders mean just one thing—ACTONIC.

ACTONIC, the wonderful new stomach remedy in pleasant tasting tablet form that you eat like a bit of candy, brings quick relief from these stomach miseries. ACTONIC sweetens the breath because

We are authorized to announce the name of John W. Kennedy of Rushville township, as a candidate for Sheriff of Rush county, subject to the decision of the Republican primary election on May 4, 1920.

We are authorized to announce the name of William C. Morgan of Rushville township, as a candidate for Sheriff of Rush county, subject to the decision of the Republican primary election on May 4, 1920.

FOR AUDITOR

We are authorized to announce the name of Phil Wilk of Rushville Township, as a candidate for Auditor of Rush county, subject to the decision of the Republican primary election on May 4, 1920.

We are authorized to announce the name of William H. Martin of Union township, as a candidate for Auditor of Rush county, subject to the decision of the Republican primary election on May 4, 1920.

We are authorized to announce the name of John F. Mapes of Union township, as a candidate for Auditor of Rush county, subject to the decision of the Republican primary election on May 4, 1920.

FOR TREASURER

We are authorized to announce the name of Charles A. Fraze of Rushville as a candidate for re-nomination for Treasurer of Rush county, subject to the decision of the Republican primary election on May 4, 1920.

FOR COUNTY CLERK

We are authorized to announce the name of Loren Martin of Rushville township, as a candidate for County Clerk of Rush County, subject to the decision of the Republican primary election on May 4, 1920.

We are authorized to announce the name of William B. Brann of Rushville township, as a candidate for County Clerk of Rush County, subject to the decision of the Republican primary election on May 4, 1920.

FOR SURVEYOR

We are authorized to announce the name of Frank L. Catt of Rushville township, as a candidate for Surveyor of Rush county, subject to the decision of the Republican primary election on May 4, 1920.

FOR PROSECUTING ATTORNEY
We are authorized to announce the name of John F. Joyce of Rushville as a candidate for nomination for Prosecuting Attorney of Rush county, subject to the decision of the Republican primary election on May 4, 1920.

We are authorized to announce the name of Albert C. Stevens of Rushville as a candidate for re-nomination for Prosecutor of Rush county, subject to the decision of the Republican primary election on May 4, 1920.

FOR COMMISSIONER

We are authorized to announce the name of Sime Davis of Rushville township, as a candidate for Commissioner of Middle District of Rush county, subject to the decision of the Republican primary election of May 4, 1920.

We are authorized to announce the name of Isaac N. Stevens as a candidate for Commissioner of the Northern District of Rush county, subject to the decision of the Republican primary election on May 4, 1920.

We are authorized to announce the name of Samuel H. Young of Rushville township, as a candidate for Commissioner of Middle District of Rush county, subject to the decision of the Republican primary election of May 4, 1920.

We are authorized to announce the name of Oscar J. Miller of Walker township, as a candidate for Commissioner of Middle District of Rush county, subject to the decision of the Republican primary election of May 4, 1920.

We are authorized to announce the name of George H. Bell as a candidate for Commissioner of the Northern District of Rush county, subject to the decision of the Republican primary election on May 4, 1920.

We are authorized to announce the name of Geo. H. Sweet of Washington township, as a candidate for Commissioner of the Northern District of Rush county, subject to the decision of the Republican primary election on May 4, 1920.

We are authorized to announce the name of W. A. Alexander of Rushville township, as a candidate for representative from Rush county in the Indiana state legislature, subject to the decision of the Republican primary election on May 4, 1920.

Home Life-in Home Garden

A summons for help from home gardeners has been sounded by the news that market gardeners are reducing their output in many districts 25 percent, owing to many causes, of which the diversion of labor to more highly paid occupations is one.

At the same time, it is stated that prices for seed are not going up. In many cases they are less than last year. The shortage of cabbage seed, for example, has been made up by a big American crop, and except for garden peas, the general seed production has been satisfactory.

Spring therefore enters with conditions for home gardeners that might be described as ideal—a chance to produce food at a lower cost for a higher market. Prices for garden vegetables are expected to break records this summer.

Among the causes of decreased production in commercial gardens, the diversion of labor, though perhaps the most influential, is not alone. Dr. William A. Taylor, chief of the bureau of plant industry, of the department of agriculture, cites the high price of manure as a contributing cause. Market gardeners use great quantities of manure. For several years they have been feeling the growing shortage, due to the gradual discontinuance of horse-drawn traffic in cities. In the last two years the high cost of feed has accelerated this change, and the scarcity of manure in many localities has become acute.

August Geuke, of Chicago, president of the Cook County Market Gardeners' Association, is quoted as predicting that the decrease in commercial garden production in Cook County will be at least 25 percent and may be much larger if the labor situation does not change.

Mr. Geuke estimates that the gardeners of Cook County alone have been selling \$20,000,000 worth of products annually, which is supplemented by enormous quantities brought into Chicago from outside the county. This indicates the importance which vegetables have, assumed in the diet of the country in recent years. Statistics of the department of agriculture support this conclusion. They show that the production of live stock has decreased per capita, while agricultural production generally has increased and still the live stock production keeps pace with the demand. The explanation is that meat is becoming of less importance in the diet, owing to the greater variety of fruits and vegetables habitually consumed.

The meatless days of the war years had a great effect in educating Americans to the virtues of a vegetable diet. Though the cattle receipts for 1919 at all markets showed a decided drop over 1918, there was substantial fall in price due to still greater drop in demand.

We are authorized to announce the name of William H. Martin of Union township, as a candidate for Auditor of Rush county, subject to the decision of the Republican primary election on May 4, 1920.

We are authorized to announce the name of John F. Joyce of Rushville as a candidate for Auditor of Rush county, subject to the decision of the Republican primary election on May 4, 1920.

We are authorized to announce the name of Charles A. Fraze of Rushville as a candidate for re-nomination for Treasurer of Rush county, subject to the decision of the Republican primary election on May 4, 1920.

We are authorized to announce the name of Loren Martin of Rushville township, as a candidate for County Clerk of Rush County, subject to the decision of the Republican primary election on May 4, 1920.

We are authorized to announce the name of William B. Brann of Rushville township, as a candidate for County Clerk of Rush County, subject to the decision of the Republican primary election on May 4, 1920.

We are authorized to announce the name of Frank L. Catt of Rushville township, as a candidate for Surveyor of Rush county, subject to the decision of the Republican primary election on May 4, 1920.

FOR PROSECUTING ATTORNEY
We are authorized to announce the name of John F. Joyce of Rushville as a candidate for nomination for Prosecuting Attorney of Rush county, subject to the decision of the Republican primary election on May 4, 1920.

We are authorized to announce the name of Albert C. Stevens of Rushville as a candidate for re-nomination for Prosecutor of Rush county, subject to the decision of the Republican primary election on May 4, 1920.

**Girls! Draw a
Moist Cloth
Through Hair**

Let "Danderine" save your hair and double its beauty

Oh, girls, such an abundance of thick, wavy, invigorated hair; a perfect mass of wavy, silky hair, gloriously fluffy, light and so easy to manage. Just moisten a cloth with a little "Danderine" and carefully draw it through your hair, taking one small strand at a time; this magically removes all dirt, excess oil and grease. Your hair is not left brittle, dry, frizzy or faded, but charmingly soft, the glossy, golden gleams and tender bits. The youthful glints, tints and tones are again in your hair. "Danderine" is a tonic-beautifier. Besides doubling the beauty of the hair at once, it checks dandruff and stops falling hair. Get delightful Danderine for few cents at any drug or toilet counter and use it as a dressing and invigorator told on bottle.

Troublesome weeds. The hawkweed, introduced from Europe into Canada and the New England states, has become one of the most troublesome weeds in grasslands.

WORKS HARD TO AVERT FLU EPIDEMIC

Government and City Health Officials Warn People to Keep Clean.

Stay away from people with Coughs and Colds.

"Avoid crowds if you want to avoid influenza," says Association for Improving the Conditions of New York.

Keep your hands clean, drink plenty of fresh water; sleep with windows open; eat three uniform meals a day including a good breakfast.

People who have catarrh or frequent colds invite Influenza, declares a prominent Kentucky druggist.

The membrane of the throat and nose is raw, sore and tender, and makes a lovely abiding place for germs to thrive and multiply. He advises an inexpensive home-made remedy that will bring relief in less than a day and will stop all discharge and sooth and heal the inflamed membrane in a few days. Thousands are making this beneficial remedy at home and anyone who has catarrh or a cold can do the same.

Pour three-quarters of an ounce of Menthylized Arcine into a pint bottle, then fill the bottle with water that has been boiled.

Gargle the throat as directed and snuff or spray the liquid into the nostrils twice daily. It's a simple way to get rid of cold and catarrh and keeps the nasal passage and throat clean and healthy.

Nearly all druggists dispense Menthylized Arcine in vials containing exactly three-quarters of an ounce, which is all you need to make a pint of this healthful medicine.

Introduced An Innovation By Drinking Coffee During Speech

Senator Reed, Starting Attack on League of Nations, Several Hours in Length, Gives Standing Order to Page to Keep Him Supplied—Other Capitol Chatter.

(By United Press)

Washington, Mar. 12.—Senator Reed of Missouri has introduced an innovation to semite orators. Marathon speakers have heretofore consumed large quantities of ice water. They've gone without lunch and ended their speeches all fagged out.

Reed, starting on an attack on the league of nations, several hours in length, gave a standing order to a page to keep supplied with black coffee. Some of the "old ladies" of the senate didn't like for Jim to turn the old senate chamber into a coffee parlor by having it served to him at his desk, but Reed, who glories in the shattering of precedent, didn't give a whoop, and told them so.

Everybody has been looking forward to the coming national campaign as a hot one, but assurance was made doubly sure the other day when Senator Ashurst announced that he intends to be a "veritable peripatetic bifurcated volcano" in behalf of the democratic candidate for president.

Somebody who evidently has money to throw to the winds has been flooding Washington with postcards upon which is printed this legend:

"The Next Bout, San Francisco, Between the 'God Bless You' Twins Wilful Woodrow vs. Grape Juice Bill."

In the corner is the picture of the democratic donkey. The cards are mailed in Brooklyn, but beyond that, nobody seems to know who is sending them out, or why.

Score another against the League of Nations. Look what it went and done to a constituent of a well-known senator who is strong for it. This constituent sent the senator a telegram the other day, reading just like this:

"Article Ten obligation Article Three voting power reduced Article Eight disarmament increased Joan of Arc referendum Napoleon Bonaparte Abraham Lincoln Caesar Ad-

riatic ratify reservations Wilson.

The senator has not yet found a key to the code.

Known by Their Headress.
In primitive times the headress was a distinctive mark representing the organization of groups of men.

It is hard to tell the past history

of the primitive man of finding the

name of the past, and go after that.

Remember the cause, and you

remove the name.

You will never be rid of Rheu-

You Can't Rub It Away;

Rheumatism is in the Blood

SENATOR WAS NEVER CURED.

If you are plagued with rheumatism, like Senator Reed, with his long hours in the Senate, and other local afflictions, then never did cure Rheumatism, and never will?

Go and try to find the past history of the primitive man of finding the

name of the past, and go after that.

Remember the cause, and you

remove the name.

You will never be rid of Rheu-

matism, until you cleanse your

blood of the germs that cause the

disease. S. S. has never had an

attack since he used Begy's Mustarine.

Get a bottle of S. S. and get

on the right treatment today. Special medical advice free. Address

How Can I Save Money?

Wise buying means economy.

The way to buy wisely is to read the advertisements.

—because advertised products are good products.

—because merchants tell you of their bargains through advertisements.

—because almost every new opportunity is offered through an advertisement.

—because practically every unusual buy is advertised.

—because you save time and trouble by choosing what you want and where to get from the advertisements instead of hunting all over town.

How can I save money? By reading the advertisements.

Not today only.

But every day.

You'll save money by keeping up with every opportunity to get opportunity to get full value in buying—by reading the advertisements regularly!

**Why Cover Your Roof
With Cheap Shingles?**

Shingling the roof of your house, barn, or shed with the best quality of red cedar shingles is a fine investment.

A good shingle will outlast 2 to 1 a poor one. Even if the poor one costs you only half as much, think of the labor, time, and trouble of having to do the job over again. It does not pay.

We have in stock this spring the highest grade of both 16 and 18 inch shingles.

**18 In. B. C. Perfections - \$15
16 In. B. C. XXXXX - \$12**

Any lumberman will tell you that these are the highest grade red cedar shingles cut. When you buy them, you can rest assured that you are getting the best shingle on the market.

The Young Ladies Circle of the Little Flatrock Christian church will hold its regular monthly meeting at the home of Miss Blanch Armstrong Saturday afternoon at 1:30 o'clock. A good attendance is desired.

The Little Flatrock Mission Band will meet Sunday morning at eleven o'clock in the music room. The members are requested to be present as all the dues are to be in at this time, and the subscriptions for "The King's Builders."

The Executive committee of the Women's Missionary Society of the Little Flat Rock Christian Church will meet with Mrs. Mamie Stevens; Monday afternoon at 1:30 o'clock. All the captains and officers are requested to be present.

The Misses Mayme and Anna Geraghty were hostesses for the members of the Marian Social Circle yesterday afternoon at the home of Mrs. L. J. Geraghty in West Eighth street. The guests present enjoyed the evening in a social way and dainty refreshments were served at a late hour.

Mrs. A. B. George was hostess for the members of the Social Circle of the Methodist church of Orange yesterday afternoon at her home in Orange. An interesting program was given after which a social hour was enjoyed with music on the Victrola and delicious refreshments were served. Twelve members of the Circle were present.

Mr. and Mr. Will Ennis entertained a number of their friends Thursday evening at their home in Homer. The guests were Mr. and Mrs. James Cassidy and son Robert, Mr. and Mrs. Claude Collins and family and Mr. and Mrs. Walter Jackson and family. The evening was spent in playing games. At a late hour dainty refreshments were served.

Mr. and Mrs. T. R. Lee delightfully entertained the school teachers of the Arlington school, last evening at their home west of the city, with a two course six o'clock dinner party. The color scheme used in the decorations of the dining room was yellow and white. Dainty place cards carrying out the same color scheme marked the places for the following guests: Mr. and Mrs. W. E. Waggoner and family, The Misses Hazel Maloy, Faith Lee, Thora Eller, Sue Woods, Flossie Irvine, Mary Johnston, Mary Metsker, and Lettie Woods and Charles Dembum and John Alsman. After the delicious repast the remainder of the evening was enjoyed with games and music.

**TEACHERS' WEEK
IS APPRECIATED**

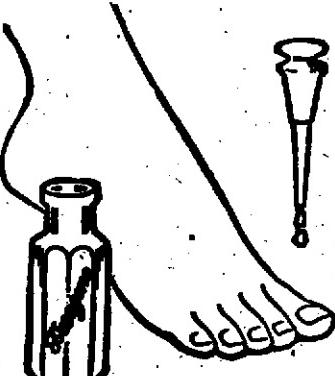

(By United Press.)
team will keep the play spirit alive and teach democracy. Democracy means no more than fair play for everybody. There is no better place to teach it than on the playground or on the gymnasium floor. Witness the fine spirit of sportsmanship displayed by our boys this year. We need opportunity for all the pupils to be trained in games. It means proper growth and better school work."

PLANS FOR CHURCH CHORUS

All who have been assisting in the chorus in the special meetings at the First Presbyterian church are requested to be on hand for the services Sabbath. Some announcement as to plans for the future will be made after the evening service.

Lift off Corns!

Doesn't hurt a bit and Freezone costs only a few cents.

With your fingers! You can lift off any hard corn, soft corn, or corn between the toes, and the hard skin calluses from bottom of feet.

A tiny bottle of "Freezone" costs little at any drug store; apply a few drops upon the corn or callus. Instantly it stops hurting, then shortly you lift that bothersome corn or callus right off, root and all without one bit of pain or soreness. Try it! No rubbing!

So many things new in numberless modes of Spring fashions, that there is no one characteristic to be emphasized above its pretty irresistible companions. Just to whisper the word Spring wings an avalanche of colors woven in novel and enticing ways, whether led by caprices of metallic and lustrous silks, or woolens of weaves already favorites.

Blouses and Overblouses

Exquisite Creations of Ethereal Daintiness and Real Charm.

Dominant in the early Spring Blouse modes are generous hip-length effects and fantastic impressions in new embroidery themes, hinting delicately at the Orient and its mystic charm. Some of the models are copies of imports, others from our American designers.

Especially noteworthy are the beautiful styles of splendid quality georgette and crepe de chene in a galaxy of pretty shades at \$6.75.

The NEW BATIK BLOUSES

direct from the Javan Studios, New York City. You have probably read of this new art that is sweeping the country. To say the least, these are very interesting creations, and designed to be worn with the new tailleur and skirts. Very reasonably priced \$12.50 to \$25.00.

Preparations for Spring have long been planned. Here you may review and most likely find the thing you have sought in imagination.

The Mauzy Company

The Home of Wooltex

The Home of Betty Wales and Peggy Paige.

HAVE COLOR IN CHEEKS

Be Better Looking—Take Olive Tablets

To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days, you must keep your body free from poisonous wastes. Dr. Edwards' Olive Tablets (a vegetable compound mixed with olive oil) act on the liver and bowels like calomel—yet have no dangerous after effect. Take one nightly and note results.

They start the bile and overcome constipation. That's why millions of boxes are sold annually. 10c and 25c.

**NEW WORLD MOVEMENT
EXPLAINED IN DETAIL**

Conference of Indiana Presbytery of U. P. Church Held Here For This Purpose

5 PERSONS ON A TEAM.

The conference held in the First United Presbyterian church yesterday afternoon and last night in the interest of the New World Movement, was very well attended, and was said to be one of the best conferences ever held in this city.

The visiting team, which included the Rev. J. C. Seidler, D. D., of the Egyptian Sudan; Miss Kate A. Hill of India, the Rev. D. D. Dodds, Xenia, Ohio, the Rev. A. W. Jamison, D. D., also of Xenia, Ohio and the Rev. James A. Nelson of Bloomington, conducted the conference in a splendid manner. They explained the great task set before the church to the representatives of the various congregations of the Indiana Presbytery, who were present for the meeting.

The canvass for the budget of the New World Movement, in the various presbyteries will take place the last two weeks of April. Each member of the church is asked to subscribe \$1.00, payable at the rate of \$22 a year. All the details of this budget were clearly explained by the visiting team.

NOT ONLY RESIST
BUT FIGHT TRUTH

Continued from page One
or woman would feel that they were insulted if they were to be accused of swearing and yet I think it quite possible for a person to become so angry that he can slam the door and make the door say a 'fuss' word just as easily if he had spoken it himself. That is 'wooden' swearing. Most all our murders are committed in violent fits of passion.

"Again, the Spirit may be quenched by indulging in intemperate excitement over any subject. I am a lover of sports, baseball and other legitimate games, and yet an over-indulgence and excitement in any innocent sport has a tendency toward quenching the Spirit."

The sermon tonight will be on the text, "Lengthen Thy Cords and Strengthen Thy Stake." The song service led by the large choir begins at 7:30.

Nurse women have been serving on juries since 1897. They sit together with the men on all ordinary cases.

You Get What You Give

WHEN a business fails the financial statement reflects the conditions at that time, but the real reason for failure is seldom shown. In many cases the true reason is that the business performed no service which was necessary or useful to society generally.

Every individual must give a useful service if he is to prosper, for society will refuse to maintain him if he fails to be useful to society.

When we find a business which has been notably prosperous over a long period of years, we may be sure that it has won its position by performing a service useful and necessary.

That, in a word, explains the continued, ever-increasing success of the Standard Oil Company (Indiana).

This Company is included in the list of big business because the ideals of service which it holds and maintains are big.

The Standard Oil Company (Indiana) is big because it recognizes the necessity of developing its sphere of usefulness to the highest degree and of maintaining this high standard in spite of every obstacle.

The success of the Standard Oil Company (Indiana) proves that it is performing a useful service and that every link in its chain of achievements is delivering an added benefit to civilization and to you.

Service is the first consideration of this organization, for it knows that by increasing its service to the public its earnings will automatically grow, and all will profit by its activities.

DISAGREEMENT MAY RESULT SERIOUSLY

Coal Commission's Action May Put Situation Back to Where it Was Before January First

PUBLICATION IS WITHHELD.

Washington, Mar. 12—The disagreement of the coal commission appointed to settle the miners wage controversy, which submitted a divided report yesterday, may throw the entire coal wage question back into the controversy state. Appointment of the commission was expected to settle this controversy for good and to provide a basis upon which all future negotiations could be carried on between the miners and employers.

The commission was asked by the president to investigate the demands of the miners which resulted in the coal strike of last November, to study the profits of operators and to provide a scheme on which the industries could go forward without continual strikes and lockouts.

Wilson asked that the commission's decision be unanimous, hoping that it would be concurred in by both sides and benefit the entire economic and industrial situation of the nation.

Other parts of the commission report were to be sent to the president soon, probably today. At the White house it was said that publication of the commission's findings will be held up pending receipt of John White's minority report.

HORSE BREEDERS TO MEET IN COLUMBUS

District Meeting of Which Local Farmers Belong Will Gather There on Tuesday

PROGRAM IS ANNOUNCED

Word was received today from W. B. Krueck, secretary of the Indiana Stallion Enrollment board at Lafayette, that there will be a meeting of the draft horse breeders of the district at Columbus next Tuesday, March 16, beginning at 10:30 a. m. The meeting will be held in the city hall.

The following program has been arranged:

"Indiana's Draft Horse Opportunity", W. Harvey Smith, Boswell, Ind.

"Preparing Horses for Spring Work," F. C. Beall, Clarksburg, Ind.

"Capsule Breeding", J. V. Painter, Middletown, Ind.

"Pitting and Developing Draft Foals", C. McConnel Arcadia, Ind.

"The Dog in The Manger," Dr. L. C. Kigin, Lafayette, Ind.

TO CELEBRATE 100TH BIRTHDAY ON JUNE 7

Indianapolis is Making Elaborate Plans For Centennial Day—to Have Historical Parade

ADVERTISING MEET ALSO

Indianapolis, Ind., Mar. 12—Indianapolis, in June will celebrate its 100th birthday anniversary. Elaborate plans are being made for a fitting celebration.

On June 7, 1829, Indianapolis officially began its existence and June 7 has been designated as Centennial Day during the celebration.

One of the foremost features of the celebration will be a historical parade on the first day. The city's progress from its foundation to the present day will be depicted by various floats.

The celebration will open official

Richmond Man Is Now Getting Stronger Daily

James Haner Able to Return to Work Since Taking Vola-Tonic

Among the many well known Richmond, Ind., men and women who are taking Vola-Tonic, "Builder of Strength", is James Haner, 240 South Seventh street, a cement worker.

Mr. Haner recently suffered a severe attack of grip and was so weak when he got over it that he couldn't work but he says Vola-Tonic has built him up and made him feel fine.

"I couldn't do anything when I got over the grip," Mr. Haner said. "For a period of about ten days I was so weak that all I did was lie around the house.

"I read about Vola-Tonic in the newspapers and finally decided to go down to Quigley's drug store at Eighth and Main streets and ask the druggist there about Vola-Tonic and see if they would recommend it.

"Well, the druggists at Quigley's store recommended Vola-Tonic to me and I got a bottle and started taking it. I am now on my second bottle of Vola-Tonic and it has proved to be all that is claimed.

"I have become stronger every day since I started taking Vola-Tonic and I am back at my work again now and find that it grows easier and easier for me as the days pass. Vola-Tonic put my stomach and bowels in excellent condition and has brought me a fine appetite.

"I heartily recommend Vola-Tonic because of what it has done for me."

People all over Richmond are taking Vola-Tonic, "Builder of Strength," and highly praise it for the results it is bringing. Vola-Tonic is an excellent strength-builder and helps health all over.

Vola-Tonic is being specially introduced in Rushville at Frank E. Wolcott's.

I Give My Life to PE-AN-SE

Mr. McKinley's letter brings cheer to all who may be sufferers as he was. Read it:

"I can honestly say that I owe my life to Pe-ans. After some of the best doctors in the country gave me up and told me I could not live another month, Pe-ans saved me. Travelling from town to town, throughout the country and having to go into situations of badly heated stores and hot suns sometimes during the long hours at a time while plying my trade as auctioneer, it is only natural that I had colds frequently; so when this would occur I paid little attention to it, until last December when I contracted a severe case which, through neglect on my part settled on my lungs. I was too late; I began deteriorating, but, without avail, until I heard of Pe-ans. It cured me; so I cannot praise it too highly."

Mr. William McKinley, 2504 W. 22nd St., Kansas City, Mo., Member of the Society of U. S. Jewelry Auctioneers.

JOHN M. HOGUE, Auctioneer.

CLYDE WHISMAN, Clerk.

Ladies of German Church will serve lunch.

**INDIANA PREMIER
GOOD ROADS STATE**

This State Has More Actual Mileage Surfaced With Some Sort of Material Than Any Other

42 PERCENT ROADS IMPROVED

(By United Press)

Lafayette, Ind., Mar. 12.—Indiana is the premier good roads state, according to figures compiled by Prof. C. C. Albright of the Civil Engineering department of Purdue University. With forty-two percent of the 74,000 miles of highways improved, this state has more actual mileage surfaced with some sort of material than any other. Massachusetts has a greater percentage, 45%, but the state has only 18,000 miles of road.

Here is how Hoosierdom stands with other surrounding states: Illinois, with 96,000 miles has only 12% surface; Ohio, with 86,000 miles has 35%; Kentucky, with 58,000, has 21%; and Michigan with practically the same mileage as Indiana has only 10½ per cent improved.

"Motor traffic is a mighty important topic to be considered now in any road building program," Prof. Albright says.

**INCOME TAX
IN NUTSHELL**

WHO—Single persons who had net income of \$1,000 or more for the year 1919.

Married couples who had net income of \$2,000 or more.

WHEN—March 15, 1920, is final date for filing returns and making first payments.

WHERE—Collector of Internal Revenue for District in which the person resides.

HOW—Full directions on Form 1040 and Form 1040; also the law and regulations.

WHAT—Four per cent normal tax on taxable income up to \$4,000 in excess of exemption. Eight per cent normal tax on balance of taxable income. Surtax, from one per cent to sixty-five per cent on net incomes over \$5,000.

And their determination to learn has spurred on the other members of the school, according to professors at the school.

Roberts, who is 23 years old and a veteran of the world war, lost a leg in France, and Adams has been a limbless cripple for many years, as a result of a railroad accident.

They know that in getting a good tractor they are only getting half of what they actually need in order to have 100% tractor satisfaction.

What they need in addition to a good tractor is SERVICE. They need the active interest and the trained organization of a reliable dealer.

The Wallis Tractor has back of it the entire organization of the great J. I. Case Plow Works Company. At their factory they maintain a service department that is organized along the most modern lines. In it are some of America's most expert service executives and men.

This service, radiating out through the J. I. Case branches and distributing stations, gives us access to new parts in case of accident, and to the attention of factory experts where necessary, on 24 hours notice in most cases.

In addition to this service, we maintain here in our own premises, a service station that will take care of minor adjustments and repairs upon receipt of a telephone or other calls from our customers.

This broad, generous service—a service in keeping with the character and ideals back of the Wallis Tractor—means satisfaction to our customers.

Come in and let us tell you the full Wallis story. Learn why the Wallis has so richly earned the title which it bears—America's Foremost Tractor.

**1. U. GIRL WHO WINS
HIGH CHEMISTRY HONOR**

Says He Tried Everything But Trutona Alone Brought Relief

Terre Haute, Ind., March 11.—Trutona has benefited me more than anything I have ever taken and if there is a medicine that I haven't tried in the past five years, I don't know what it can be," James Hyland, 65 years, who lives at 818 South 13½ street, said recently.

"For the past five years," he continued, "I've suffered from liver and kidney trouble and rheumatism. My right side and back ached continually. I experienced a short of cutting knife-like pain in my lower limbs at times. Because of these I couldn't get a good night's sleep. Most everything I ate was taken against my will. I was having a terrible time of it.

"I have taken almost seven bottles of Trutona and I'm convinced that it is surely a good medicine and worthy of a trial. My appetite is wonderfully improved. I don't have to force myself to eat anymore and I enjoy my meals. The pains in my right side and back have been relieved and the cutting pain in my limbs is greatly improved. I'm able to sleep soundly and get a good rest every night now."

Trutona is now being introduced and explained in Rushville at Harv-grove & Mullin's drug store.—Adv.

Back Home Again
Having established myself at the old location of the William E. Bowen garage, I am now prepared to do all kinds of welding and brazing.

Evening, March 12, 1920

THE DAILY REPUBLICAN, RUSHVILLE, IND.

N. W. BORING, a well-to-do Kansas farmer, says he has gained twenty pounds in weight and is in better general health than he has been in years since taking Tanlac.

"Since Tanlac has overcome my jibbles I have gained twenty pounds weight and am in better general health than for years past," was the straightforward statement made a few days ago by H. W. Boring, a prominent and well-to-do farmer living at Overland Park, Kans.

During the two years I suffered I tried everything I knew of to get relief, but nothing seemed to reach me until I tried Tanlac. My appetite was poor and my digestion was bad so I could hardly retain my food.

Nothing agreed with me; in fact I was almost a confirmed dyspeptic. My whole system seemed to be out of shape. I would have pains across the middle of my back so bad at times I could hardly move around.

"My nerves were all unstrung and would become up-set at the least little thing. I seldom slept well at night, and, finally, became so weak and run-down that I lost weight rapidly. I was also troubled a great deal with catarrh and of mornings had to spend a half hour or more tearing up my head.

"This is just the condition I was in when I began taking Tanlac and it certainly has been a blessing to me. It just seemed to be made especially for my ease. I improved from the very first. My digestion now is perfect and regardless of what I eat I never suffer any bad effects.

"The pains across my back have entirely disappeared. The catarrh is left me, too, and my head is perfectly clear. I am no longer nervous and rest well every night. I have regained my lost weight and am feeling better and stronger than I have in years. I am going to keep Tanlac in my house so it will be handy at all times."

Tanlac is sold in Rushville by F. Johnson & Co., in Mifroy by Dalles Copper, in Munilla by Geo. J. Dow, in Arlington by Mrs. L. T. Davis, and in Carthage by Otto C. McCarty. —(Adv.)

"It Is Not Very Nice to Starve," Says Little Guest From Armenia

IRANEH ESTHER ARAXIE AZGAPETIAN.

I AM little Armenian girl. I have three years. My name has a history as long as the tail of a cat. I am called Iraneh Esther Araxie Azgapetian.

Iraneh, because I was born at Kazvin, in Persia, and that is a good Persian name. Near the Red Cross hut where I first opened my eyes was the tomb of Esther and Mordecai, so my father also named me Esther. Then, being a good Armenian, I had to have the name of our beloved river Arax. Therefore I am Araxie.

My father is General Mesrop Newton Khan Azgapetian. He was with an army in the Caucasus mountains during the Great War. We were living just inside the city wall. I could hear the jackals at night howling, howling all the time. I howled, too. My nurse said the jackals set me a bad example. My first nurse was a great big soldier. He belonged to the Russian army, which was encamped near us.

My mother tells me that she paid five roubles a day (that is \$2.50 in American money) for half a loaf of bread. The bread was often full of dirt and splinters. One fine day my father found a can of condensed milk

Sea Otter's Fur Valuable.
A coat or cloak of genuine sea otter is worth more than its weight in gold. While the skins of the ordinary freshwater otter have no particular value in the fur market, the pelt of the true sea otter is today the most valuable of all furs. The sea otter was formerly found in considerable abundance off the coast of Alaska, but it is now nearly if not quite extinct.

Duly Announced.
Mary, upon answering the door bell found a couple of women who had stopped to call. As she let them in she called to her mother: "Mother, you have a couple of customers."

CALUMET

Has Raised a New Standard for Baking Powder

Because it is made in the most careful and scientific manner from absolutely pure materials that remain pure in the baking and insure wholesome, healthful foods.

Because it possesses the greatest leavening power.

Because it is not affected by time or weather—it never loses its strength and never fails.

Because it is most economical—you save when you buy it and you save when you use it.

These are the reasons why Calumet is the standard baking powder—the choice of millions—more being sold than of any other brand.

Try it—always buy it. Your grocer can supply you.

Calumet contains only such ingredients as have been approved officially by the U. S. Food Authorities.

HIGHEST QUALITY AWARDS

This little Armenian has a name with a history as long as the tail of a cat," she says. Daughter of a famous soldier, she often cried from hunger. Now she is in America and does not cry any more, she naively adds, but her mother cries, mourning for the thousands of other Armenian babies who are hungry, back in the native land. But little Iraneh smiles wisely, as she knows Near East Relief is aiding the poor people of Armenia.

In a shop and bought it for \$6. That day I had a feast and did not cry at all. Several times my father was able to buy a salt herring, for which he paid \$1.50.

I began to get very thin. My mother said she must take me away so that I would not die. We began to go away, but it took a long time. Everywhere there were people going. They mostly had no clothes, and often they would fall down. My mother said they would never get up again. My mother said they did not have the money to buy even the bad bread we had, and they could not live without food. We traveled in an ambulance, on horseback, donkeyback and camelback, in a truck, a motor lorry and a cart—in fact, by every way except an airplane.

It was many months before we could come to America. There is much to eat here. I like America. I never cry any more. My mother cries. She says there are thousands of little children starving to death in our country. It is not nice to starve. I did not like it. It makes her sad. But some days she smiles. That is when my mother says she knows America will not let the little Armenian babies suffer or be hurt.

ARAXIE.

Sturdy boys like this eat

Wilkinson's Home Bread

The Body Builder

It makes them sturdy and husky—real boys, because it is made by a real home-made bread recipe.

Only pure food products, thoroughly fermented, go into it. It's all-food and all-good.

Give it to your boys and girls several times a day, with milk, with butter, with jam, with anything.

They are growing. They are playing. They need the best bread baked—ours.

Wilkinson's Quality Bake Shop

FUTURE FINANCES A DELICATE TASK

Any of the Soldier's Aid Proposals Will Require Handling Along Diplomatic Lines

SECRETARY HOUSTON SPEAKS.

(By United Press)

Washington, Mar. 12—Enactment of any of the soldiers' aid proposals by congress would threaten serious consequences to the financial welfare of the nations, Secretary of the Treasury Houston today told the House ways and means committee.

"In whatever way you approach the proposals, they are certain to increase the burden of every man, woman and child in the United States," Houston said.

He declared that new bonds must be issued or increased taxes levied to meet the revenue necessary to aid the soldiers. Either step presents a situation that "we might not be able to handle", the secretary said. "Either step would increase the cost of living because credit expansion would follow."

"If the commission is determined to enact this legislation it would be better to raise it by taxes than bonds," Houston asserted.

"The proposal to extend a sum of from one to two billion dollars would be a very serious situation for the people to confront. I am not alarmed at the present financial situation but it must be handled carefully," he declared.

"If the commission is determined to enact this legislation it would be better to raise it by taxes than bonds," Houston asserted.

The proposal to extend a sum of from one to two billion dollars would be a very serious situation for the people to confront. I am not alarmed at the present financial situation but it must be handled carefully," he declared.

Hunting Alaskan Bear.

The Alaskan bears have been hunted with perfect safety from boats among the coastal islands, and they are also comparatively easy to kill along the streams where they come in the fall to catch salmon. In this hunting the hunter lies in wait and pots brain from a safe distance. But at that time of the year the fur is not prime. The true sportsman goes up into the mountains in the early spring, still-hunts his bear and kills him often at close quarters—unless he gets killed himself.

Mauritius Rich in Ferns.

The Island of Mauritius, less than one-third the area of Delaware, has 255 native species of ferns. Java, a little larger than New York, has 400, while Brazil contains 387. All Europe furnishes but 67 species, the arctic zone 26; North America, north of Mexico, has about 175 species.

How Acme Worm Bouncer Expels Worms

When the hogs and pigs eat anything the Free Intestinal worms do not like, they lay dormant. The hog which is fed ACME WORM BOUNCER in the SELF FEEDER eats a little—several times a day. The WORM BOUNCER goes into the stomach and intestines STRAIGHT. The time comes when the worm must eat and when he does, the ACME WORM BOUNCER PARALYZES the worm—the then must let go—and in that manner the ACME WORM BOUNCER expels the worms and EXPELLED THEM ALIVE from 5 to 7 days after you commence to feed ACME WORM BOUNCER.

ACME WORM BOUNCER is fed with perfect safety to all pregnant animals, whereas any remedy that kills the worms in the INTESTINES AND STOMACH is very injurious to the animal and very dangerous to use.

R. G. WELLMAN, Agt.

SCHRICHTE MONUMENTS

Distinctive - Artistic - Enduring

The first American woman to enter the foreign mission field as a qualified physician was Miss Clara Swain, a graduate of the Woman's Medical College of Philadelphia, who went to India half a century ago.

Salaries Place a Penalty Upon Adequate Preparation of Teachers

Either Public Must Pay Them Better or They Must do What Many are Doing—Desert School Room For More lucrative Positions.

By MARY AGNES SLEETH.

The small compensation that teachers receive in this country compared with the wages of other occupations is an old story. Perhaps this makes a more forceful appeal today when we realize that the cost of living has more than doubled in the past three years, while the increase in teachers' salaries in the United States in the same time has been only twelve percent.

According to the report of the United States Commissioner of Education, the average salary for teachers in this country is \$630.00. That this condition cannot go on is now apparent to many thoughtful persons. Existing salaries almost place a penalty upon adequate preparation, since there is no opportunity for an adequate return upon the investment of time and money necessary to secure the preparation. Either the public must pay them better or they must do what many are doing—desert the school room for the office, the factory and the farm.

It is estimated that 143,000 teachers dropped out of the profession in 1919. At the opening of the fall

term there were 50,000 vacancies in the teaching staff of our public schools; as a result our school authorities have been compelled to employ untrained teachers. If the present salaries continue a few years longer the profession of teaching will be stripped of its best brains. Can we afford to let this happen?

One teachers must be paid "not only a living wage, but a saving wage" or our public school system may collapse and our public school system is the foundation of our citizenship. Today we face an emergency, educational and social, which puts to test our democracy. The problems of reconstruction will not be solved by the statesman, politicians, labor leader or agitators. Neither will they be solved by the present generation of citizens. The permanent solution of these problems is in the hands of these boys and girls being trained by the teachers in our public schools. If this emergency is to be met it cannot be done by immature, unprepared and underpaid teachers.

Let us not think of the situation in the terms of the teacher only, but in the terms of the student. Schools are not maintained to make a living for those who teach, they are maintained to give trained minds, vision and understanding to the youth. If the nation fails to respond to the present emergency, it is to the next generation it will have to answer.

AMUSEMENTS

Real Stampede in Picture

A real stampede of cattle is the spectacular climax of Universal's film version of the famous poem, "Lassie," which is coming to the Mystic Theatre today. The poem, a classic of American literature, was adapted to the screen by Percy Heath, scenario editor at Universal City. Frank Mayo and Edith Roberts are the featured players.

Coming tomorrow are Alma Rubens in "Diana of the Green Van" and Harold Lloyd in a comedy, "Don't Shove."

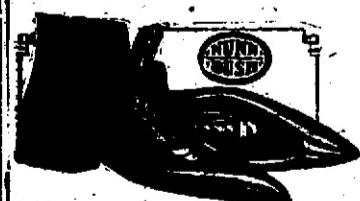

Reid Picture Again Tonight

Situations in the movies in which the hero poses as another and causes all sorts of complications are fairly common. Did you ever hear of a person occasioning a big commotion simply by pretending to be himself? That's what Wallace

Woman Can't Find Words to Express Herself

"After six years of suffering from stomach trouble I am feeling fine. All the bloating and soreness is gone from my stomach and bowels. I can eat all I like now. I can't think of any words suitable enough to praise Mayr's Wonderful Remedy. I am sure it has saved my life." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tracts and relieves the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. At Druggists Everywhere. (Adv.)

Let's Get Acquainted

"Get better acquainted with your neighbor—you might like him!" That's a pretty good motto for a community like ours, isn't it? Town folks should get better acquainted with country folks; the merchants and the bankers should get to know the farmers—and how they are farming. Speaking for this bank, we'd like to get acquainted personally with every farmer hereabouts—he might like us enough to deposit money with us; we might like him enough to lend him some. Anyway, we could swap ideas—and perhaps add his name to the rapidly growing list of subscribers for

The COUNTRY GENTLEMAN

Sometimes banks get acquainted with farmers by giving good advice, or urging good roads, or organizing calf clubs among the boys. That last was the way of one whose story is told in THE COUNTRY GENTLEMAN dated March 6. And we'd like to get acquainted with you through this Great National Farm Weekly itself. We know that helps farmers all over the United States to make more and more money. It would please us to see you making more money too, so we stand ready to send in your subscription if you just say the word. One dollar buys it for a whole year—52 big, friendly, helpful, weekly issues. Get acquainted with THE COUNTRY GENTLEMAN—you're sure to like it.

HOME MADE RECIPE CATARRH AND COLDS

Nonexpensive—Cut This Out.

Thousands are making this beneficial remedy at home and anyone who has catarrh or a cold can do the same.

Ask your druggist for three quarters of an ounce of Mentholated Arcine and pour it into a pint bottle, then fill the bottle with water that has been boiled.

Gargle the throat as directed and snuff or spray the liquid into the nostrils twice daily.

It's a simple way to get rid of cold and catarrh and keeps the nasal passage and throat so clean and healthy that germs of flu or any other germs will have a hard time gaining a foothold.

is the dentifrice that contains the properties recommended as ideal by United States Army dental surgeons

WAS NERVOUS AND RUN DOWN

RESTORED TO NORMAL HEALTH BY BIO-PEREN

I feel I owe you people a world of gratitude for the benefit I have received in using your wonderful remedy—Bio-peren Tablets, which have completely restored me to normal conditions," says Joseph E. Webb of Muncie, Indiana.

Bio-peren is without doubt the grandest and quickest remedy for nervous, run down, weak, enemic men and women ever offered direct through the druggists and is not at all expensive.

Take two after each meal and one at bed time, and after seven days take one after each meal and one at bed time until the supply is exhausted.

Then if you feel that any claim made in this special notice is untrue—if you are not in better health—if you do not feel ambitious, more vigorous, and keen minded, yes, twice as much as you did before, the druggist who sold you the tablets will gladly hand you back just what you paid for them.

All druggists in this city and vicinity have a supply on hand, or can easily get it for you.

Wonderful results.

No Waste Motion Here

The packing business is noted for the elimination of waste in manufacturing.

Swift & Company is equally effective in saving waste in the distribution of products.

From ranch or farm to your meat dealer there is no loss of time, money, material, or motion.

Four hundred branch sales houses in large cities and towns, hundreds of regular refrigerator car routes reaching small towns, all directed by wire from a central point, bring meat products from our packing plants located in producing areas, to retailers in all parts of the country in the best possible condition, in the least possible time, at the least possible cost, and over the most direct route.

The total expense, for manufacture, freight, and selling direct to the retailer, is less than three cents per pound on all meat sold.

Our profit from all sources is only a fraction of a cent per pound.

Competition compels this close-cut saving. Large volume of business, a well-balanced, nation-wide organization, and expert attention to details by men who know, make it possible.

We are in your service—at least expense and profit.

Send for our 1920 Year Book and get the facts about our business. Address Swift & Company, Union Stock Yards, Chicago, Illinois.

OIL FRONTIER IS MOVED SOUTHWARD

Today Front Lines Are at Tampico, In Semi-Tropical Lands of Mexico's East Coast

DEVELOPMENT OF BUSINESS.

U. S. Companies are in Majority and Americans Compose Largest Part of Foreign Population

By RALPH TURNER
(U. P. Staff Correspondent)

Tampico, Feb. 8 (By Mail)—The oil frontier is moving southward. Where it will be tomorrow—neither the magnate nor his scout in the field will hazard an answer to that question—but today the front lines are at Tampico, down in the semi-tropical, malarial lands of Mexico's east coast. And the same types who blazed the way at Sistersville and Bradford, on to Robinson and Independence and down to Tulsa, Beaumont and Shreveport, are here today pioneering with the zest and persistence that have always marked the explorer.

The story of Tampico is a story of oil and in writing that story the American has played the most conspicuous part, a part which cannot help but bring a sense of pride to the American who sees for the first time the magnitude of the enterprise which his countrymen are carrying forward today in the greatest oil field of the world.

Tampico is about six miles up the Panuco River, which empties into the Gulf of Mexico at the southernmost point of the state of Tamaulipas. Oil fields are both to the north and south of Tampico. No sooner, however, has your ship crept over the shallow bar at the mouth of the Panuco than both the eye and the nose are greeted by evidences of petroleum. The smell of oil is in the air; signs of oil are on the land in the water.

At the entrance to the Panuco, stranded on the rocks by the caprices of a heavy norther, is none other than John D. Rockefeller, John D.

in this case being a tank ship. The swell from your boat carries on its crest the stains of heavy crude, spraying it against the hulls of huge tankers whose sterns bear the names of home ports—Bayonne, or perhaps Los Angeles. These tankers seem to line the river, but a peep past the decks reveals dock construction, terminal facilities, filling stations and other installation that serve to emphasize still further the size of the oil producing job in Mexico. As the eye moves to the banks of the river, it catches sight of great storage tanks and of tank cars taking their place on railway sidings. River craft of every description plays its part in this great industry, but most conspicuous, next to the tankers, are the scores of gasoline launches—the property of the oil companies, darting about with a fearfully busy air—and the enormous barges, offering a marked contrast to the launches, as they move slowly, determinedly down the river with their cargoes of wealth.

A trip to the fields provides the climax, but this isn't necessary to demonstrate the forcefulness of Franklin K. Lane's statement that "this is the age of oil". You already are convinced of this and you are convinced, too, that Tampico is a wonderful monument to American enterprise.

All of this spectacle, it is true, does not represent American development. The British have been heavy investors in the Tampico district and a British company, El Aguila, is believed to possess the greatest production. Of the total output, however, nearly three-fourths is produced by Americans; American companies are vastly in the majority and American nationals compose the largest part of the foreign population.

Weak women should try it now. Don't wait. Today is the day to begin. This temperature tonic and nervine will bring vim, vigor and vitality. Send Dr. Pierce's Favorite Prescription, 10¢ for trial package of tablets.

Muncie, Ind.—"When I had a severe cold and was out of sorts and run down, I used Dr. Pierce's Favorite Prescription. I only used two bottles and the very first bottle helped me. After using the two I did not require anymore. This gives me faith in it as a reliable and genuine building-in medicine."—MRS. JOHN CUMMINGS, 618 East Seventh St.

New Albany, Ind.—"I used Dr. Pierce's Favorite Prescription when I had severe nervous headaches. I found that the medicine improved my general health and made my nervousness much less, and, in time, I was relieved of all the nervous troubles. I have always been glad I used 'Favorite Prescription' and cheerfully recommend it to any woman who needs the best woman's tonic."—MRS. HENRY STRACK.

Portland, Ore., Mar. 12—How can anyone be blamed for dancing the shimmy when even a cockroach can't resist it in the face of jazzy music!

Dr. Helen Clark, head of the Reed College psychology department here, is authority for

the statement the shimmy is fast becoming the popular indoor sport for cockroaches.

She has proved to her students

that soft, tuneful music sends a healthy cockroach into an emotional trance which finds expression in a rhythmic dance.

And high strains produce an ecstatic response which has every semblance of the shimmy.

Similar results were observed

in the angle worm, which wriggled and "shivered" in perfect

cadence with a popular dance

step.

Spanish Sardine.

The principal industry of Vigo, Spain, is sardine packing. The Vigo district furnishes almost one-fourth of the world's production of sardines. The exports of those in oil in 1918 amounted to 1,017,000 cases of 100 tins each with an estimated total value of \$13,000,000.

AN INVITATION

Every person in Rush County is cordially invited to attend the County Farmers' Day Party in Rushville on Thursday, March 18th.

The Farmers' county organization and the business men here will make this a great day in history, and the attendance of everyone is urged.

A Corn Show will be held in the morning and prominent speakers will be here in the afternoon to address men and women.

A big feature will be the free dinner at noon, when over 1,000 plates will be given to those in attendance.

YOU SHOULD MAKE IT A POINT TO ATTEND.
